

Office of Telecommunications

Provider Certification Form

This form is intended to provide the minimum information that must be provided by a telecommunications provider applying for certification. All existing telecommunications providers must complete this form and return the information to the Office of Telecommunications by July 15, 1999 to receive certification as a telecommunications provider. All new providers entering the City must provide this information at the time of their application for any grant of location or permission to reside in the City's rights of way.

1. Provide a brief background on your company. Include:

- Company background
- Type and number of current customers
- Type of intended customers
- Services currently offered
- Services that will be offered in the near future

1. Provide information on the systems that your company currently operates. Include:

- Current networks operating
- Current metropolitan areas served
- Current number of route miles of fiber

1. Provide information on the systems that your company is building. Include:

- Number of new networks planned and the metropolitan areas to be served
- Number of new route miles of fiber to be constructed

1. Provide information on subsidiaries, partners, parents, affiliates or other agreements. Include:

- Name of partner, affiliate, parent or subsidiary

- Relationship (include specific ownership % if applicable)
 - Type and length of agreement
